

GSM/EGSM/CDMA JAMMERS

While effectively improving the communication networks world over, cell phones often cause interference to privacy. Our Cellphone Jammers are designed to avoid interference by cell phones in CDMA, GSM and Extended GSM Bands by Jamming signals in the respective bands. They are ideal for avoiding distraction in conferene Halls, Hospitals, Libraries and Banks.

WALL MOUNTING TYPE

SALIENT FEATURES :

- Effective Jamming Range.
- High Quality and Reliability.
- Quick & Easy Installations.
- Portable, Mobile & Stationery Models.
- Customized Designs.

WALL MOUNTING TYPE

Model No.	Band of Operation	Power Output	Jamming Range (Mtrs.)*	Supply Voltage
LPJ 9218	CDMA/GSM EGSM	5W-Each Band	7 - 10 Mtrs.	230V AC
MPJ 9218	CDMA/GSM EGSM	20W-Each Band	50 - 60Mtrs.	230V AC

Model No. PSJ9219

MOBILE BRIEF CASE TYPE

SALIENT FEATURES :

- Effective Jamming Range (10-20 metres).
- High Quality and Reliability.
- Portable, Mobile & Stationery Models.
- Omni Directional (360°) Coverage.
- Adequate battery Backup.
- Customized Designs.

MOBILE TRANSPORTABLE TYPE

Model No. KJ 9218

SALIENT FEATURES OF KJ 9218 :

- Effective Jamming Range (50 to 100 Mts).
- High Quality and Reliability.
- DC Operation (26 V DC).
- Portable, Mobile & Stationery Models.
- Customized Designs.
- Omni Directional coverage.

Model No. 9218

SALIENT FEATURES OF 9218 :

- Effective Jamming Range (150-300 metres).
- High Quality and Reliability.
- Portable, Mobile & Stationery Models.
- Omni Directional (360°) Coverage.
- Customized Designs.

TRANSPORTABLE TYPE

Model No.	Band of Operation	Jamming Range (Mtrs.)*	Supply Voltage
KJ 9218	CDMA/GSM	50 - 100 Mtrs.	28V AC
9218	EGSM CDMA/GSM EGSM	150 - 300Mtrs.	28V AC
